TEL AVIV INSPIRED WINES

HARKHAM WINERY

In 1951 the Harkham Family were amongst the first pioneers of Israel's renowned wine region, Zichron Yackov, where they lived for 16 years. Aziza Harkham, matriarch of the Harkham family, with no electricity and scarce running water used to make natural food and wine for the family from fresh produce and grapes that she had grown.

In 2005 Terry, Efrem and Richard Harkham decided to buy Windarra Estate and winery in the Hunter Valley in a move to get back to their roots.

They focus on very small batches with extremely high quality. Their own vineyard is farmed using organic methods.

Through minimal intervention in the winemaking process they are able to express most clearly the amazing terroir driven flavours that the Hunter Valley is renowned for. All their fruit is carefully handpicked and sorted to eliminate rot, unripe fruit and any other diseases, so they can make a style of wine from 100% naturally fermented grape juice.
